THEDAILY CLARION.

GENERAL JOE JOHNSTON, We see it stated, was born in Enniskillen, Ireland. His brother is reported to be still living there.

VIRGINIA LEGISLATURE.-The Senate has amended the usury laws authorizing ten per cent interest. The House has passed a resolution to provide artificial limbs for citizens of dock and warehouse company. This Virginia lost in the late war.

A tin box containing two hundred and fifty thousand dollars in government bonds was recently stolen from the office of the Royal Insurance ten thousand dollars has been offered for them.

Mary Cosgriff alias Mollie Trussell, was found guilty before a Chicago court the other day under an indict- D. A. CULLEY, ment for manslaughter, of killing George Trussell, her paramour, and was sentenced to one year's imprisonment, the lightest penalty of the law. The evidence showed conclusively that Trussell acted on the defense, yet we believe the jury would have fixed the imprisonment at one day did the law permit. This is the first time in the history of Chicago that sentence has been pronounced on a woman guilty of a henious crime.

The Conservatives in Calloway have subscribed funds to refurnish the freedmen's schoolhouse destroyed by the mob last week.

The yachts Henrietta, Vista and Fleetwing left New York on the 1st instant, on a race across the Atlantic, for a prize of \$90,000. The vessels were well provisioned and provided for three thousand miles voyage. The race is to end " with the light on the nigh end of the Isle of Wight, bearing abeam the yachts on the channel course bound for Cowes." We hear considerable complaint about railroad accidents in this section, but it would seem the roads in Tennessee are equally unfortunate. A Nashville telegram says:

Among the accidents on the Nash- Washington and Crawford streets, Vicksburg, ville train are: A. Glamosh, of New Miss. York, reported killed; C. T. Shaffer, of Cincinnati, badly burned from the upsetting of a stove. The injured passengers are well cared for at Nashville and Bowling Green.

The Decatur and Nashville train ran off the track thirty-five miles south of the latter place. The train was completely smashed, and several passengers were badly injured.

Two trains ran off the Lebanon Branch railroad, killing a large number of hogs, and injuring several drovers.

Some men talk like angels, and pray with fervor and meditate with deep recesses and speak to God with loving affection and words of union and adhere to him in silent devotion, and when they go abroad are as passionate as ever, peevish as a frightened fly, vexing themselves with their and proud as a barbarian prince; they are, for all their fine words, impatient of reproof, scornful to their neighbors, lovers of money, supreme in their own are experienced and attentive. thoughts, and submit to none. All their spiritual fancy is an illusion. Office. They are still under the power of those passions, and their sin rules them imperiously and carries them away infallibly.

The Nashville Banner says that agents from Cincinnati and other points T Steel Plows at my old stand. Large lowing prices; amounts have been shipped from this place, and there is still more to be sent off. Old and rusty rails, twisted into all sorts of fantastic shapes, useless until remolded, are piled up to be sent away and shaped for the new roads that are being built throughout the country, never again, let us hope, to be torn up by a ruthless soldiery.

THE PARAGUAYAN WAR.-A new complication has arisen in the war of Cahaba Coal Company. Brazil and her allies against Paraguay. The Republic of Bolivia, which protested against this war, has concentrated an army upon the frontiers of Buenos Ayres, and formed an alliance with Dec. 11-dXw4m. Paraguay. Bolivia threatens an invasion of Buenos Ayres if that country does not withdraw from the alliance against Paraguay. Excepting a bombardment of the Brazilian camp by the Paraguayans on October 18th, no hostilities are reported from the Plata

Gen. R. H. Chilton, at one time Chief of the staff of Gen. Lee, intends to make Columbus, Georgia, his home.

Mr. Roberts, the Fenian President, has written to Col. Lynch: "I regret to tell you that I do not believe you are to be hanged." He believes that Col. Lynch's execution would result in the conquest of Canada by the Irish. This is carrying patriotism to an excess which Col. Lynch will scarcely appreciate.

A NEW WORK AT CHICAGO.-The tunnel, so far from satisfying, has only whetted Chicago enterprise. The Illinois Legislature will be asked at the next session to charter a joint stock company proposes to dock out from the causeway of the Michigan Central Railroad into the Lake, along the entire front of the south division. To effect this it will be necessary to build a new breakwater, about a third of a mile from the shore. The basin thus Company of New York. A reward of formed could be divided into alternate basin-piers and docks. Upon these piers the company will erect their warehouses.

GOOD!

OBACK'S STOMACH BITTERS, after years of experience and trial, have roven to be the best remedy extant or all complaints where a tonic and timulant are required. They never all to strengthen the weak, impart

vigor to the strong, and in all respects restore shattered and broken-down constitutions. No remedy has been received with as much favor as Ro-BACK'S STOMACH BITTERS. In Chicago VER 50,000 bottles were sold by one

drug-house in the past year. It is admitted by our most learned physicians that Dr. ROBACK'S STOMACH BIT-TERS combine the properties of a gentle laxative, an efficient anti-bilious agent, and the best stomachic known to

the prostration which always follows acute disease. In the ILIOUS districts of the West and South there has, for a long time, been much needed an article of STOMACH BITTERS, which, if taken in proper quantities, and at the proper time, are a sure preventive of Bilious Fever,

the world. ROBACK'S BITTERS should

be used by convalescents to strengthen

Fever and Ague, Liver Complaint, Dyspepsia, Indigestion, Jaundice, Kidney Complaint, and all diseases of similar nature; and are better as a preventive for bilious derangement, regulating

ND strengthening the system, and giv-ing tone to the digestive organs, than any other known remedy. Now that the war is over, there will be thousands seeking homes in the South. No per-son who values his life should go there

without having constantly at hand the BITTERS, as a safeguard against epidemic and maladies engendered by miasma and polluted water. Travelers and all residents of the rank river-bot-

OUNTIES of the West and South, and the valley of the Mississippi and its ributaries, should provide themselves with the BITTERS. There is probably no one disease with which mankind are afflicted which is the source of so many

ailments as dyspepsia, or as it is more

commonly called Sour Stomach, and there is no more certain remedy than Roback's Stomach Bitters. They are never known to fail. ING CHOLERA has always been much dreaded by the public, and people have resorted to all manner

of medicines to arrest the progress, but with little success. A sure cure and preventive is to be found in the use of Dr. ROBACK'S SCANDINA-VIAN REMEDIES. Keep the bowels open with the Pills, and invigorate the system by free use of the Stomach Bitters, or, if the blood be thin, use the
